BONUS BENEFITS VOTED VETERANS.

Passage Monday of the Bonus Payment measure is expected to bring approximately a hundred thousand dollars to the ex-service men of Medina County alone. All the oratorical thunder in congress and President Roosevelt's pious veto message must have been some kind of a "play to the galleries," for so sure were the administrators of veteran relief that the measure would pass that the government printing office had the forms for the application blanks on the presses before the final vote was taken. And notwithstanding the vet-cranks have until June 15th to wait for their pay, a supply of the blanks reached Hondo Thursday.

We are informed by Dr. O. B. Taylor of the local Legion Post that after Tuesday he will be in position to assist ex-service men in making out their applications in legal form. He advises that all veterans who have borrowed on their bonus to bring the "pink slip" which was issued to them along with their check when the loan was received, as THIS SLIP IS ABSOLUTELY NECESSARY. Also bring your army discharge. These documents are necessary to furnish the data needed for properly filling out the application.

QUIHI NOTES.

She said, Let me not see the death of the child. And she sat over against him, and lift(ed) up her voice, and wept. Gen. 21:16.

Wandering in the wilderness—the water spent—footsores to exhaustion—the lad, Ismael, under a shrub in scanty shade, dying with fatigue and thirst—the mother, Hagar, a bowshot away, with shrivelled limbs and breaking heart, weeping, praying, eyes anxiously averted and yet many a glance stealing over to the body writhing in pain, struggling in a gasping death-grapple—helpless, forsaken. Not a bright picture at all. The lad's last delirium, and it usually accompanies those stages of extreme exhaustion, perhaps it brought back to him glimpses of happier days gone by, when he was yet cuddled and fondled and made much of as the possible heir of a vast estate; the mother, was lost in rather different thoughts. Once a particular favorite with quite unique preference, she had gone on a rampage of reckless competition with her mistress—and lost. The old law again went into effect, assimilation or expulsion. And in the course of human pioneer enterprises, how often were such scenes in the wilderness duplicated with greater agony, exterminating whole caravans, when the covered wagon would roll along no longer, when man and beast would gasp their last under a blazing sun or sink and wallow in their own gore under the arrows, tomahawk and scalping knife—the bleaching bones telling the gruesome story. Despite many unanswered whys and wherefores, we are sure, their labor was not in vain, their last moments were not unattended, their tears and prayers taken care of by Him Who also heard the bond-woman, Hagar.

St. John's at New Fountain had its annual meeting last Sunday after the service. The weather was not overly favorable, and we children of the Sunny South are not tempered for raw and cold days, and on Sundays the cold often seems more penetrating, but we had a good quorum and could transact the business on hand, looking over a short review of the past year, the pastor's activity and the reaction of the congregation, the budget of 1935 and where we failed, the budget of the current year and our good intentions towards it. We all agree that an inactive parish is in a dying stage—and we wish to be far from that stage. Mr. Rolf Saathoff was unanimously re-elected for the vestry. The induction will take place in February. Small in number is this little flock, but the blessings of God are quite visible.

February the 6th is the official time for the next Ladies' Aid meet. If the weather is as inclement as at present, it will mean a postponement, but how often have we seen a few hearty gusts of wind clear the murky sky and give unhampered way to glorious sunshine. So we might as well heed the invitation and make ready for the day.

Announcements for February the 2nd: German service at 10:30; Sunday school for every department at 9:30; English service at 7 P. M. May we see you there? If not, why not?

W. M. S. MEETS.

The Missionary Society of the Methodist Church met with Mrs. R. J. Reilly, January 20, with 14 members present. Miss Willie D. Fly was the leader. The meeting was a pledge service.

Mrs. J. S. Fly gave the spiritual message. After the worship program a delightful social hour was enjoyed by all. Mrs. Reilly and Mrs. Barnitz Carle were hostesses and served delicious refreshments. The next meeting will be a business meeting at the church on February 3rd.

MRS. O. A. FLY,
Publicity Chairman.

PRODUCTION CREDIT ASSOCIATION MEETS.

W. F. Easterling, of Del Rio and J. H. Stadler, of Brackettville, were elected to the Board of Directors of the Uvalde Production Credit Association held in Uvalde, January 27th. These directors, together with the rest of the Board and the Secretary-Treasurer, will serve the borrower members of the association in the conduct of the PCA business in 1936.

A record breaking attendance at the meeting, which was the second annual meeting since the organization of the association, reflects the interest the farmers and stockmen of Texas are taking in this new cooperative credit system, according to R. H. Alvey, Secretary-Treasurer of the association.

Mr. Alvey reports that the Uvalde Association made loans to the amount of \$620,000 to the farmers and stockmen of Uvalde, Kinney, Bander, Real, Edwards, Kinney, Val Verde and Terrell counties. The volume of loans made by all the production credit associations in Texas in 1935 amounted to more than twelve million dollars.

In addition to reports of the manager and directors of the association, M. L. Jones, Assistant to the President, of the Production Credit Corporation of Houston spoke at the meeting. Mr. Jones invited the non-members to investigate the many advantages of production credit and urged the members to take an active interest in the affairs of their association.

ST. PAUL'S LUTHERAN CHURCH.

There will be regular English service next Sunday, Feb. 2, beginning at 10:30. The first month of the year has ended. What kind of a start have we made in our spiritual life in this year? How is the conscience? What does it say?

The official parish paper "Friend", will appear next Sunday, and will be distributed in the Church. Hereafter it will appear on the first Sunday of every month. Kindly be there to get your copy. This is a service rendered free of charge at the expense of our advertisers and for your benefit and the good of the congregation. Your appreciation of the same will manifest itself when you make it a point to get your copy and read it. The announcements which appear in this monthly bulletin are considered official and you should keep in vital touch with the activity of your Church and the building of God's Kingdom in our midst. Again we thank the merchants and business men of Hondo for their good will and liberality in making this monthly parish paper possible.

German service Sunday, Feb. 9, at 7:30. Junior Luther League at 7:00 P. M. "Faith comes by hearing and hearing by the Word of Christ."

The Ladies' Aid Society will meet on Wednesday, February 5th, at 2:30 at the home of Mrs. Felix Holmberg. Repeat the line start made last month.

FUNDS FOR NIGHTWATCHMAN AND STREET LIGHTS MUST BE RAISED NOW.

The Hondo Chamber of Commerce is starting today its annual drive for funds. George Carle is chairman of the finance committee, and he is being assisted by Rudy Rath, R. J. Reilly, Bill Crow, and W. H. Case.

The finance committee will use the same method of soliciting donations as has been used in the past. Citizens will be asked to sign a card containing the following statement:

In consideration of the other subscriptions to the Hondo Chamber of Commerce for street lights, night watchman, and incidental expenses of the said Chamber of Commerce, I hereby subscribe the sum of \$....., and agree to make payments as follows: 1 direct and hereby authorize the Bank to charge my account with the above amount in (quarterly), (semiannual), (annual), installments. Remarks:

Date
Hondo, Texas.

Signed
Each merchant who subscribes to the Chamber of Commerce will receive two cards which he may display in his store. One signifies that he is a subscriber to the Hondo Chamber of Commerce for the year 1936; the other states that the firm will subscribe only to those objects for which an approval has been granted by the Hondo Chamber of Commerce. The latter is designed to protect the merchants from unworthy solicitations.

Hondo enjoys an unusually low tax rate because there are no city taxes to pay. Since the town is not incorporated, there is no tax money available, and no city government to maintain street lights and a night watchman. Therefore, it is necessary for the Chamber of Commerce to solicit donations to maintain these two indispensable items.

Last year's contributions were not sufficient to cover the amount paid out by the Chamber of Commerce. There is a deficit from 1935 of one hundred dollars, as can be seen from the financial statement published elsewhere in this issue. It is hoped that the citizenry of Hondo will respond in a generous manner this year. Without lights and a night watchman, our town would become a prey to the thieving bands that raid the other small towns in our vicinity. The night watchman is also indispensable from a fire standpoint. If a fire were to break out in one of the business houses, it would doubtless be discovered and reported before the fire had gained much headway. There is no doubt but what an entire block could become endangered by fire if the blaze started in the early morning hours and there were nobody patrolling the business district to discover it.

This is YOUR community. High fire insurance rates and an unlighted town are not very good recommendations for Hondo, and certainly would not offer added attractions to those who might consider coming here to build homes.

The committee members work free. The officers of the Chamber of Commerce pay their own expenses when they attend out of town Chamber of Commerce meetings. The money collected from donations in 1935 was spent for no other items than those listed below:

Financial Statement For 1935.
Amount pledged . . . \$1,450.00
Amount collected from pledges . . . 1,393.00

EXPENDITURES:
Salary to night watchman . . . \$720.00
Lights . . . 600.00
To Fletcher Davis, for stationery . . . 5.00
To deficit from 1934, as follows:
Lights . . . \$100.00
Watchman . . . 76.38

Total . . . \$176.38 176.38

Total expenditures for 1935 . . . \$1,501.38 1,501.38
Deficit, beginning of 1936 . . . 108.38

KRENMUELLER-MUMME.

The New Fountain Methodist parsonage was the scene of a simple wedding Saturday, January 11, at 10:00 A. M. Mr. Joe Krenmueller and Miss Elva Mumme took the vow which officially declared them man and wife, in the presence of Miss Irene Neumann and Mr. Walter Krenmueller. Rev. Robert Paine performed the ceremony.

Mr. Krenmueller is the second oldest son of Mr. and Mrs. Charles Krenmueller of Dunlay and the bride is the second oldest daughter of Mr. and Mrs. Alvin Mumme of Vandenberg. Mrs. Krenmueller graduated from Hondo High School in 1932 and was the salutatorian of her class.

The young couple took a short trip to Corpus Christi and on their return will make their home on the Murphy farm near Hondo.

Their many friends and acquaintances extend best wishes for their marital life.

Being News, Views and Reviews

MANAGING EDITOR.

The Directors of the Hondo Chamber of Commerce are busy raising the funds for financing the 1936 budget. It will be noted from a statement printed elsewhere that, notwithstanding the strictest economy, the year 1935 closed with a deficit. It would scarcely be possible to find any place of further economize short of discontinuing some of the service for which the funds are being raised. That no citizen of the town could afford to approve. As set out in the statement from the Directors, protection from burglars is very essential; but the safety from fire by having a watchman on the job while the town sleeps may be of inestimable value. The discovery and extinguishing of a fire in its incipency might prevent a conflagration which if uncontrolled might easily destroy enough property in a few minutes to pay the expense of the Chamber of Commerce for years. Your support of the plan is voluntary; the use to which your contribution is applied is an open story elsewhere on this page. The young men who are soliciting the funds are giving their time to the service of the community; let's all do our part as well.

PEOPLE AGAINST FRANKENSTEIN MENACE.

Observers of press comment and public opinion throughout the nation are forcibly impressed with two facts: First, the desire of the people to maintain the neutrality of this nation and avoid war and foreign entanglements, and, second, the growing demand for balanced budgets and reduced taxation.

Congressmen who have just returned to Washington after some months at home among their constituents, have felt this sentiment. They know that nothing causes greater worry to millions of citizens—Republicans and Democrats alike—the soaring national debt and the Frankenstein menace of new and higher taxes. They know that the general THINKING PUBLIC IS BEGINNING TO UNDERSTAND THAT ESSENTIAL TO PERMANENT PROSPERITY.

It's a rare Congressman who doesn't keep his ear to the ground, and it's also a rare Congressman who hasn't heard from his constituents that an economy program in Federal government is now desired, and is indispensable to increased employment, industrial expansion, building activity and relief for the land owner.

The trend of public opinion was well demonstrated by the general approval of the President's recent statement on neutrality and his expressed belief that new or higher taxes were neither necessary nor desirable.—Industrial News Review.

"INVESTIGATE" KANSAS!

It would be an excellent idea if the Congress of the United States were to adjourn for a month or two, and undertake an "investigation" of the fiscal policies of Kansas.

Kansas has no state debt. It has a fine road system developed on the "pay-as-you-go" plan, as were all other public improvements. It has a magnificent new capitol building. It has first-class schools. And it has few of the special or "nuisance" taxes that afflict most other commonwealths.

Today American people of all occupations and all income levels are coming to realize that their greatest enemy is high taxes—and that their greatest problem is taxation. The federal government has been spending about twice its receipts for several years, and has added billions to the national debt, setting an all-time record. A large number of states have followed this suicidal example. The result has been frightened capital, discouraged investors, industrial retrogression, unemployment and foreclosures.

There isn't a person in this country who wouldn't benefit from tax reduction—and the persons of small and average means who are most interested in employment and industrial expansion and home-building, would benefit most of all.

Balance budgets and reduce taxation, should become a household slogan.—Industrial News Review.

REDBIRDS ADD THREE MORE GAMES TO LIST OF WINS.

The fast stepping Hondo Redbirds continued their winning streak this week by trouncing three strong clubs by overwhelming scores.

The Sabinal High School team, boasting a well balanced team that should go places in the district cage race this season, was the first victim of the Redbirds. The score was 48 to 24.

Tuesday night the local quintet trimmed the Woodlawn Methodists in San Antonio 36 to 28. The Redbirds completely outclassed the Methodists, dropping the ball through the net for 26 points in the first half, while they held their opponents to one lone field goal and two points from the free throw line.

The Devine town team was the next victim of the Redbirds, going down in defeat by the one-sided score of 43 to 20. Although the final score was one-sided, the game was fast from start to finish. The score at the half was 12 to 10 in favor of the locals. Although the Devine boys put up a good fight, they were unable to cope with the flashy passing attack displayed by the red clad birds in the final quarter. Parsons and Sadler shared scoring honors with 12 points each. Sorrell, with 10 points and Calhoun with 8 points led the scoring for the losers.

The Hondo High School cagers tangled with the Devine High team in the opening game Thursday night. It was a nip and tuck affair with the score all knotted up with seconds to play, however the Devine team came out on top by looping several field goals in the final seconds of the game.

LAMB-KING NUPTIALS.

Mr. and Mrs. V. P. King of Hondo announce the marriage of their daughter, Velma, to Mr. Herbert Lamb of Hondo, at 8 o'clock P. M. Saturday, January 23, 1936, at the home of the bride's parents. Rev. Shan M. Hull, pastor of the Methodist church, read the impressive marriage lines. The bridal attendants were Miss Bernice Chaney and Tommy Holloway, cousins of the bride.

The auburn-haired bride was lovely in a white wool suit with white hat and white accessories, with which was worn a corsage of white gardenias.

Immediately after the ceremony, amid a shower of rice and old shoes, Mr. and Mrs. Lamb left for San Antonio on a brief bridal trip. They are now residing in an apartment in the Henry Muennink home. Mr. Lamb is employed at the Highway Garage. The bride is a member of two prominent Medina County families, being a granddaughter of Mr. and Mrs. M. A. Chaney and of the late Mr. and Mrs. Isaac H. King. She is a graduate of Hondo High School and in 1928 was "Miss Hondo" in the Medina County Fair. For the past several years she has been employed by E. R. Leinweber Co. DO YOU KNOW THAT—

A large amount of usefulness can be derived from a glass baking dish with cover? Aside from the uses to which it was intended, I find it much nicer for chops, fried steaks, any sort of meat except, of course, roasts. Served in the baking dish they do not become chilled as when an open platter is used. For breakfast it holds a generous supply of hot toast or griddle cakes, while keeping things hot when carrying them up-stairs to a sickroom. I find it proved invaluable. —JULIETTE FRAZIER, Cornelius, Oregon.

Did you know that new potatoes and peas canned together are first-class? —DAISY BROOKING, Ewing, Indiana.

There are many good uses for a heavy tape? If I am unfortunate enough to start a run in my new dress from my supporters and am where I can sew, I stick a piece of this tape at the bottom of the run (I always carry a roll with me) and it cannot go farther. If I have been away from home and notice the hem wearing thin, stick a piece of tape inside of stocking. If the backs of my books begin to break, I secure them with adhesive tape, and if my pages get loose, ditto. —ELLIE W. COX BURT, Artella Grove, Winnemucca, Nevada.

When pouring fat into a large clarify by adding a tablespoonful of boiling water, which will send all foreign matter to the bottom, and the dripping will be quite clear. —MARY L. BALLEW, Hollywood, Arkansas.

In the midst of a busy day, make a housewife skips her lunch. This is a great mistake, which the good housewife will acknowledge when she begins to tire before the day's work is done. Ready to eat cereal is a complete answer to the busy day lunch problem. And here are a few suggestions for these one-dish lunches: Stewed or canned fruit liberally sprinkled with corn flakes or grape-nuts flakes, brown sugar and top milk or light cream. Corn flakes with a sprig of bran flakes and light cream flavored and sweetened with maple-syrup. Cold boiled rice with spoonful of jelly, a sprinkling of whole bran, served with light cream. —BETTY BARCLAY, Philadelphia, Pa.

FISH OIL FOR WINTER POULTRY FEEDING.

By Observer.
Winter time and inclement weather condition result in the housing of winter layers in this section of the country. Many poultry raisers protect their birds against unfavorable conditions resulting from loss of sunshine, by feeding cod liver or sardine oil in their laying mash.

One percent cod liver oil or sardine oil added to the mash will keep the vitality of the layers and keep them in good condition for laying. It has been found however that 1 percent is better allowance for early moulting as it gets them in good condition for producing strong hatchlings for early spring hatching. It helps to bring the hen back to flesh and feather.

An old saying among poultry raisers is that it takes seven hours of sunshine per day to produce a good hatching egg. As this amount of sunshine is not to be found in some parts of the west in the winter, it is so important to feed the proper proportion of fish oil to make up for the lack of sunshine.

Fish oil in the right proportion will help cut down the number of shell eggs produced as well as eliminate to some extent the trouble experienced by heavy layers, egg peralysms and other difficulties which occur.

Fish oil helps to build up resistance against colds and other winter ailments, improves pigmentation in feathers and is a great help in raising young fryers to the early spring market.

Restlessness and despair, it is said, induce our boys to leave home and bed. They are restless, going from town to town; And wise men shake their heads and frown. But "upturning the world" in the way they go; And despair turns to hope as they see life's show. —ANN PAGET

RESULTS OF POLL BINDING ON INTERSCHOLASTIC LEAGUE.

The University of Texas Interscholastic League officials announced two weeks ago that high schools in favor of a 19-year rule, retaining the eight-semester rule, in a referendum. Dean T. H. Shelby, chairman of the league executive committee, said the results were binding on the committee. The committee had adopted an 18-year age limit for the Interscholastic League contest aroused considerable dissatisfaction.

Four proposals were submitted in a referendum: 18-year age retaining the eight-semester rule; 18-year age retaining the eight semester rule; 19-year age retaining the eight semester rule, and the 19-year age abolishing the eight-semester rule. Dean Shelby said the preferential results, arrived at by taking the sum of the ranks, showing the winning proposal received 1,916 votes.

This order of results," he said, "has been maintained in each class of high schools, namely, Class A football, Class B football, Class C football, and high schools, and all other high schools."

Shelby recalled the executive committee adopted the 18-year rule on the basis of the state meeting of delegates which proposed the rule in May, 1935.

Dissatisfaction over it culminated in a request at the Interscholastic League breakfast and section meeting in San Antonio last November to hold a referendum.

This will "let in" several boys for whom it has not been able to be out. It will also affect several girls who intend to go out for the County Meet.

CLUB GETTING READY FOR FAT STOCK SHOW.

He was elected to fill the post left vacant by the resignation of Robert Zerr, the former vice-president. Mr. Oefinger was elected without a dissenting vote being cast.

Mr. Oefinger, captain of the 1935 Hondo Ovis, then took charge of the meeting, in the absence of the president, Hugo Schweers.

Parts for the negro minstrel show to be held on March 10 were discussed and distributed. Practice will start sometime next week.

The regular evening school which is being conducted by Mr. Sadler, the advisor of the F. F. A. chapter here, will have its next meeting Monday night at 7:30. The topic now being discussed is "Corn Production". This topic was chosen as it was thought to be of interest to Medina County farmers.

JOE E. BROWN IN "BRIGHT LIGHTS" AT COLONIAL.

Joe E. Brown, the funnel-mouthed comedian, comes to the Colonial Theatre tonight and Saturday in what is heralded as his most uproarious comedy romance. In addition to Joe's laugh-provoking stunts, there are four lively songs, for the picture is one of back stage life and the singing comes in naturally. Joe E. himself, sings and dances and does acrobatic stunts with the famous Maxellos. Scores of pretty chorus and dancing girls appear in the theatrical sequences but "Bright Lights" is

neither a musical nor a farce, but a stirring romantic comedy.

The story concerns Joe E.'s quick jump from a burlesque comedy troupe to a big Broadway actor, playing with a madcap heiress, Patricia Ellis, out for adventure. His wife and partner in the burlesque show, Ann Dvorak, is out of it and goes back to small time. Joe's head swells which causes many complications which lead to a unique and amazing climax.

The cast includes William Gargan, Joseph Cawthorn, Henry O'Neill, Arthur Treacher, Gordon Westcott, Joseph Crehan and William Demarest. Busb Berkley directed.

SPRING FOOTBALL.

Spring football practice will begin sometime next week, provided that the weather is warm enough. Coach DuBose expects a large number to come out, many of those who played last year and others who intend to try out. Due to the nullification of the 18-year rule, there will be several to come out that have had experience but due to ineligibility, were unable to play last year. Although the team is losing several good players because of graduation and other reasons, we intend to "hang out our flag for the Regional Championship on the first day of the next football season".

RESOLUTION.

Hondo, Texas, Dec. 10, 1935. Hon. County Commissioners' Court of Medina County, Texas, Hondo, Texas.

Gentlemen:

We, the undersigned, constituting the Farmers' Council of Medina County, Texas, respectfully present the following resolution which was passed by our Council at a meeting held on Dec. 9th, 1935, and request that same receive your earnest and immediate attention.

RESOLUTION.

Whereas, during the recent war the flower of our citizenship offered themselves in the defense of our country, many of whom made the supreme sacrifice by giving their lives;

Whereas, it has long been the desire of our people to establish a fitting memorial in recognition of said patriotic services, and in memory of our dead heroes;

Whereas, we believe it would be the wish of our said soldiers, if they could express such wish, that any memorial erected in their memory should be one useful as well as beautiful;

Whereas, it is the consensus of opinion among us that nothing more decorative or useful could be constructed than a beautiful County Park with a fitting bronze tablet, which could be converted into a State Park maintained by the State and at the cost of the State;

Whereas, for a number of years Armistice Day has been commemorated and kept by our people at the Medina County Fair Grounds which place is most excellently located and equipped for every kind of lawful amusement, with an abundance of good water and electric lighting;

Whereas, said premises consisting of 90 acres of land could be beautified as a park and also used as a place of amusement and for agricultural exhibits by the people of this county;

Whereas, said premises could be purchased at a reasonable cost of approximately \$20,000.00 including the land and costly improvements;

Whereas, we find that Medina County out of its present levy of taxes can purchase said property and pay for same, over a period of years, without any additional tax levy, thus giving us a fit and most worthy memorial of our departed heroes;

Therefore, we ask that a petition be prepared which we will circulate, calling for an election throughout Medina County, authorizing and directing the Commissioners' Court to issue Park Bonds in the sum of approximately \$20,000.00, for the purchase of said property by the county, and that same be duly dedicated to the Sacred Memory of the War Veterans of Medina County; we further ask that immediate steps be taken to secure Federal and State approval of said park site in order that same may be made into a State Park, maintained by the State, and that the improvements, and land not needed for park purposes be retained by the county for agricultural and amusement purposes.

WILMA LUCILLE SPRATT.

Miss Wilma Lucille Spratt, the new fourth grade teacher and Choral Club director, was born in Dublin, Texas, in the "merry month of May". Miss Spratt, after finishing the Dublin High School, attended Texas Christian University, from which she received her Bachelor of Music and Bachelor of Arts degrees.

Miss Spratt enjoys reading any good books, her favorites being those of Lloyd Douglas.

The colors she likes most are red, black, and green. Her favorite type of clothes are sport clothes. Irene Dunne and Herbert Marshall are her favorite movie stars.

A man, who in Miss Spratt's opinion, is ideal must have such qualities as frankness, honesty, humor, and boldness. Her ideal woman is one of culture. By her statement, "Give me a brunette any time", we get the fact that brunettes are her favorite.

Miss Spratt is extremely fond of all types of music, especially semi-classical style. You "just ought" to hear her play "Mighty Lak a Rose". "Poor Butterfly", and "When Day is Done".

'JUST PLAIN FOLKS' THEME OF NEW FILM.

To that legion of fans who have registered their preference for simple comedies of "just plain folks", the Colonial Theatre Monday and Tuesday offers "Her Master's Voice", with Edward Everett Horton, Peggy Conklin, Laura Hope Crews and Elizabeth Patterson.

The story deals with the troubles of Ned Farrar, who has just lost his job in the office of a radio broadcasting system. His nagging mother-in-law, who lives with him, constantly reproaches him not only for having been fired, but also for having deprived her daughter Queenie of her chance to study singing, through his lack of funds.

One day, rich old Aunt Min drops in, while Ned is alone. Aunt Min has never met him, and mistaking Ned for a servant, develops a great liking for him, winding up with an offer of a job on her estate. Ned accepts the job, for he knows that Queenie is about to visit Aunt Min's home, and he wants to be near her. And then the fun begins.

DEVINE NEWSLETS.

From The Devine News.

TALKING OF NEW BANK FOR DEVINE SOON.

There has been a lot of talk ever since the Adams National Bank liquidated and paid off its depositors in full, regarding a new and smaller bank for Devine. The Chamber of Commerce, we understand, has been answering correspondence and so far nothing has materialized, for sure. But the past week we were informed that a certain large bank in San Antonio was considering putting in a branch at Devine, if enough people could be interested in Devine to put up about 30 per cent of a \$25,000 capital stock desired. If this proves a good year, we will probably see a small bank organized here. We have a fine proof bank building and fixtures that ought to go in for a good part of the 30 per cent subscription asked.

He held union printers' card, was for a time secretary of the Valley Printers' Union, and vice president of the Valley Press Association.

Elliot Morris, who has been a printer in The News office for two years, was made assistant to the acting postmaster, H. D. Thompson, Saturday, when the assistant, Mr. Geo. W. Heath, resigned. DOCTORS KNOW

Mothers read this:

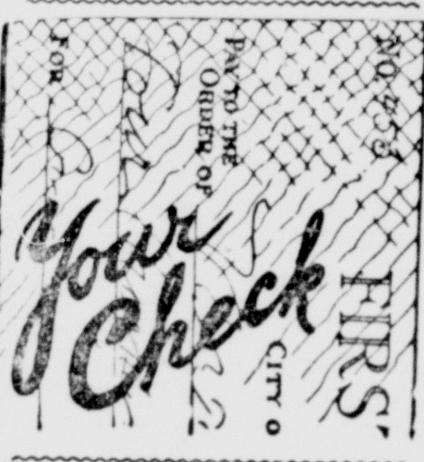

Why do people come home from a hospital with bowels working like a well-regulated watch?

The answer is simple, and it's the answer to all your bowel worries if you will only realize it: many doctors and hospitals use a liquid laxative.

If you knew what a doctor knows, you would use only the liquid form. A liquid can always be taken in gradually reduced doses. Reduced dosage is the secret of any real relief from constipation.

Ask a doctor about this. Ask your druggist how very popular liquid laxatives have become. They give the right kind of help, and right amount of help. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara — both natural laxatives that can form no habit, even in children. So, try Syrup Pepsin. You just take regulated doses till Nature restores regularity.

PROOF you paid that bill..

NOT only that, but PAYING BY CHECK is the most convenient and safest way of dispensing money. Does away with carrying large amounts of cash and gives you a record and receipt for every cent spent.

LOOKING BACKWARD.

A copy of the Hondo Herald of October 27, 1900, was placed in our hands last week by Mr. Pete Jungman. The paper is a five column quarto with four pages of ready-print and four of home-print.

Louis J. Brucks was the publisher and the editorial column—nearly two columns in this instance—is headed by the announcements of county and precinct candidates, H. E. Haass for County Judge; W. J. Harper, County Attorney; H. B. Taylor for Tax Assessor; and H. V. Haass, County Surveyor are without opposition; Aug. Kempf and Anton B. Brucks are contesting for County and District Clerk; E. S. Adair, Fritz Frerichs and J. F. Bader each want to be Sheriff and Tax Collector; C. B. Leinweber and L. E. Heath are contesting for County Treasurer; and August Biry and Emil Bader, for Inspector of Hides and Animals; Geo. I. Wilson, B. C. Wiemers and Geo. Heyen are running for Commissioner of precinct No. 1; and L. J. Finger is announced for commissioner of precinct 3.

Schmitt & Steinhardt, the Big Department Store, have an ad occupying the entire fifth page of the paper.

Dalkowitz Bros. of San Antonio have a nine-inch double column ad on page four; Jones & Roberts and H. A. Sanders occupy space on the front page; and Shaw & Hudspeth were advertising lumber.

Following are a few news items taken at random from the paper:

The Hondo Military band treated the public to another one of those delightful plaza concerts last night.

Democratic election tickets containing the full county ticket can be secured free of charge by applying at Democratic congressional headquarters at THE HERALD office.

THE HERALD wants several loads of wood at once. We will pay for it if we can't get it any other way.

To the Voters of Commissioner Precinct No. 3: Gentlemen—I am before you again for the office of county commissioner, and if elected will fill the office without fear or favor to the best of my ability.

Yours respectfully,
JOHN B. NEY.

Referring to the prevalence of Cuban itch in this neighborhood, an old-time darkey declared that this was a very frequent complaint in slavery times, only that in those days it was called black leprosy. He says he saw hundreds of cases and never knew of one to terminate fatally.

Peter Weynand is having a hard time getting his new rock dwelling completed. The masonry is all done, but he cannot get the finishing touches put on, on account of the carpenters being busy elsewhere. Busy workmen is a good sign, but it is a trifle hard on anyone who has a job of work that is to be done.

The genial Charley Marty, the capable cotton buyer for Cohen & Co. of San Antonio, was missed from here last week. His absence may be excused, however, for he was united in matrimony on Tuesday of last week to Miss Adeline Huesser, a charming young lady of Castroville. Charley's many friends here take pleasure in congratulating him and wishing him and his fair bride a happy wedded life.

A postoffice inspector dropped into the Hondo postoffice Wednesday to check up the affairs of the office. It is not necessary to state that he found everything in apple-pie order, for there are probably not many offices anywhere that are kept in a more careful manner. Indeed, the cash account of the office showed that there was a balance of nearly \$100 in favor of the postmaster on hand. The office is still in charge of Assistant Postmaster Horger, but Postmaster Joe Fohn is working himself into the routine of the office and will probably take personal charge in a few days.

Notwithstanding that this is court week the town does not seem to be much more lively than usual. The fact is that Hondo has been so lively for the past two months that the addition of a hundred or so Jurors and witnesses can hardly be noticed.

For Sale—My livery stable business in Hondo, including stable, horses, buggies, and everything. Reason for wanting to sell: I have too many other things to look after. C. J. BLESS.

Castroville Anvil: Mr. Jac. Stein was the lucky finder of the \$340 lost by Mr. James Sittre in the flood of last July. The money was found in the Stein pasture about 1000 yards below the Sittre residence and in an open place. The bills were pasted into a ball and will doubtless have to be redeemed by the government authorities.

Vance Noonan, aged 19 years, the oldest son of W. F. Noonan, died in San Antonio Sunday morning as a result of injuries received by the accidental discharge of a gun on his father's ranch near Dunlay on Wednesday of last week.

THE PLEASURE OF REMEMBRANCE.

By Marguerite Erlenbach.

At times there is joy in remembering that surpasses the thrill of anticipation. If our memories be happy ones there is no pleasure equal to that of day-dreaming, when our work is done and our conscience refuses to be silent, urging us to further effort.

Once our childhood is over, we have a background upon which to view the pictures our fancy brings to mind and across which pass shadowlike the people and the events that have had to do with the making of our own private history. As each individual differs from another, there are many paths leading to the land of waking dreams. The one usually travelled, I believe, comes at the twilight hour; a great, deep chair drawn up before an open fire and a sleepy little book to read. Now as the dusk settles down and the corners of the room become shadowy, our eyes begin to droop and we unheedingly let our book fall from our hand and we are once more living over the days we thought we had forgotten.

We often lead such busy lives, that the events of today may cause us to forget for a time the happiness or perhaps the sorrow of yesterday. Nothing is ever really forgotten and it may only take a chance word, a

breath of perfume, or it may be the mere resemblance to a scene once familiar to bring back vividly the days seemingly beyond recall. At such moments, time stands still and we are held breathless by the seeming reality of living over those earlier days, when life stretched out before us as a path, alluring and yet unknown.

As we are human we all make mistakes, and perfection would not only be out of place but would find itself lonely in the world at the present day. A life well lived is one of many battles, countless defeats and usually a final victory. Victory is not always in reaching the high mark we once set for ourselves, but rather being able to meet gallantly and honestly our defeats. We may even bring ourselves to smile at the thought of the high place we hoped to attain before we realized our climbing powers were limited.

As the years go by and we draw near to the sunset of life, if we can find contentment in the memories of the past and joy in the present, our store-house of precious things will be well filled and we shall truly have pleasure in remembrance.

DIM HOUSE.

Place but a rose of deepest red, And don't light candle at my head. While some shall say that I am dead, I KNOW that death and I are wed.

No less shall I give unto him Than other loves who caught my whim. And though it is so still and grim A rose shall light our house so dim.

Whether the "Pain" Remedy You Use is SAFE?

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about GENUINE BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store—simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this—and see that you get what you want.

ANSWER THESE QUESTIONS.

A school of shark-eyed, power-seeking politicians are belittling American ideals of government and constitutional safeguards of liberty.

Shall we continue to encourage the individual to earn a profit by his own energy, initiative and thrift before we take it away from him to meet the needs of government, or shall we create conditions where no accumulations of private property will be possible?

Can our free institutions withstand the impact of the aggravated forces of officialism and disintegrating collectivism?—Industrial News Review.

IT TAKES EGGS FOR OMELETS.

Taxes, direct and indirect, will be a little less than \$23,000,000 on the business of a large midwest retail organization for 1935, according to its president.

These taxes are equivalent to seven times the dividends paid in 1934, five times the 1934 profits, 50 per cent of total operating cost for 1935, twice the amount of taxes in 1934, and three times the total paid in 1931. He said that industry cannot continue to bear such taxes indefinitely. That is true. Those taxes must be passed on to the consuming public or the industry will go broke.

The time is coming when the tax-gatherers are going to have to worry about keeping business alive, if for no other reason than to collect enough to pay their own salaries.

The shortsightedness of political tax-boomers who continue to attack the industrial goose that lays all the golden eggs which they scramble in trying out their new economic recipes, would be laughable if it were not so serious to the solvency of the nation.—Industrial News Review.

ter how incompetent they were, and no matter what conditions were.

The real farm cooperatives, by contrast with this, are excellent examples of private initiative and enterprise. A group of farmers will get together, figuring that they can buy more cheaply in larger quantities, or that they can sell to better advantage through a strong central organization. They put up their own money, and take their own risks. If there are profits, they divide them. If there are losses, they absorb them.

This kind of cooperation is not socialism—it is sound business, based on sound economics. Cooperating farmers are individualists, who use the benefits that accrue from mass action to better their individual lots.

Mr. and Mrs. Henry Poerner announce the birth of an infant daughter, January 25, 1936.

Former County Superintendent W. N. Saathoff of San Antonio visited here Friday.

Mr. and Mrs. Paul Bendele and little daughter visited relatives here Wednesday.

Mr. and Mrs. Joe Pichot and daughter, Emily Mae, of San Antonio, and Mr. and Mrs. James Pichot and sons of Uvalde were guests last week-end in the Louis Pichot home.

D'HANIS PLANNING A CENTENNIAL CELEBRATION.

A letter from Dale Miller, director of the Press Division of the Texas Department of Publicity in Dallas, to J. P. Ephraim, secretary of the D'Hanis Business Men's Club, relative to a historical celebration this year, has aroused a good deal of enthusiasm here during the past week. Tentative plans of the club include a barbecue on May 26 at or near the site of old Fort Lincoln, about two miles north of D'Hanis. The club chairman, A. J. Finger, will call a meeting of the entire community at a date in the near future to perfect preparations for the celebration.

Incidentally, 1936 marks the 90th anniversary of the founding of D'Hanis, which is one of the oldest settlements in the county. In observing the centennial this town is in harmony with some 50 other Texas cities that have announced similar occasions to be held on various dates during the centennial year.

CARD PARTY.

The ladies acting as hostesses at the regular monthly card party sponsored by the St. Anthony's Community Club in the Parish Hall Sunday afternoon were Mesdames Richard

Carle, M. M. Koch, Ben Koch, E. Ross, and James Braden. Prizes for first and second high scores were awarded after the usual games were played as follows: high five, Mrs. Ferd. Koch and Mrs. J. F. Kimmick; bridge, Mrs. M. M. Koch and Mrs. Huelgele; bridge, Ethel Rothe and Mrs. Ed. Finger; buncie, Bernice Zinsmeyer and Joe Henry Biry; R. Richter, Mrs. John Zinsmeyer, Mrs. E. A. Rothe, Sara Rothe, Madeline Nester, Louise Koch, and Gertrude Rieber.

ELECTRICITY SERVICE EXTENDED.

The San Antonio Public Service Company is enlarging the local line of electrification by extending the line 18 miles north of D'Hanis to Woodward Ranch, and thus offering electricity service to property owners en route.

With the reducing station at D'Hanis as a base, the line has been extended to follow Highway 30 as far as the William Finger home, accommodating several blocks at Woodward, thence north along the route, and past Secco School, past the Joe Weynand property it crosses Mrs. Emma Rothe's ranch, crossing her home and that of Eric Rothe, and continues from there to Woodward Ranch.

The building of this line has given employment to about 50 local men during the past few weeks. Mr. Woodward was primarily instrumental in obtaining the extension of the service.
